PROFILE

I'm an italian student dreaming to become a software engineer. I try to dive into all the new experiences that are presented to me to be able to grow as a person and as a worker. I love learning about new technologies and how to use them in my own projects. I love languages and being able to communicate with anyone around me.

EXPERIENCES

- **Exchange Student** AUG - DIC 2024
Flanders - Belgium (BE)
 - Live inside a new cultural environmnet.
 - Learn a new language to adapt and talk with the people around me.
 - Becoming open-minded and self-aware.
- **Stage at MMN** Jan - Feb 2025
Mobile Device Management (MDM)
 - Discovering about modern enterprise device management.
 - Learning about enterprise functioning.
 - Discovering new possible paths for my future.
- **Entertainer / Educator** 2022 - Now
Entertainer and Educator at local oratory
 - Learning to speak with anyone and to a vast audience.
 - Being able to adapt and solve problems quickly.
 - Stimulating creativity.

ACHIEVEMENTS

- **Mathematical Games of Bocconi** 2024
National Finalist
