PROFILE

Research-driven Computer Science student at UniPi (100/100 *cum laude* diploma). Proven track record in architecting autonomous full-stack IoT solutions and contributing to core open-source libraries. Aiming to leverage a strong mathematical background to build a competitive profile for an MSc at ETH Zurich.

EDUCATION

University of Pisa *Expected:* Sep 2026 – Jul 2029
BSc in Computer Science (L-31) Pisa, Italy
Target: Excellence Program in Computer Science.

I.S. Archimede - IT & Telecommunications Sep 2021 – Jun 2026
High School Diploma Treviglio, Italy
Final Grade: 100/100 cum laude

HONORS & AWARDS

- **1st Place - GF Marilli National Award (Sorint.lab):** Awarded for the architectural excellence of QuakeGuard, an edge-to-cloud distributed seismic network.
- **Fondazione Agnelli Merit Scholarship:** Selected as 1 of 15 students nationwide for academic excellence to fully fund a semester abroad.
- **Roberto Rocca Merit Scholarship (Tenaris):** Awarded for outstanding STEM and logical-mathematical potential.
- **Italian National Mathematics Olympiad:** National Finalist.

CORE PROJECTS & OPEN SOURCE CONTRIBUTIONS

- **QuakeGuard v2.1.1 (Lead Developer):** Architected an open-source distributed IoT network for real-time seismic monitoring. Developed C++ edge firmware (ESP32, ADXL345) using STA/LTA algorithms, integrated with an asynchronous FastAPI backend and a React Native mobile client.
- **ClimbStack (Founder & Lead Developer):** Engineered and launched a privacy-first, open-source productivity application on the Google Play Store. Managed the full lifecycle from SQLite architecture to deployment, and currently leading a growing team of 4 community contributors.
- **SymPy - Core Contributor (Python):** Contributed to the standard library for symbolic mathematics. Refactored type hinting in core modules (*solvers.diophantine*), successfully passing international code review and merging the PR into the main repository.

TECHNICAL SKILLS

- **Languages:** C/C++, Python, Java, TypeScript, PHP.
- **Systems & Architecture:** Linux/POSIX, Git, Asynchronous I/O, Multithreading, REST APIs.
- **Networking & Sec:** TCP/IP, DNS, Routing, TLS/Cryptography, Socket Programming.

CERTIFICATIONS & COURSEWORK

- **Cambridge English: First (FCE) - Grade A:** Certified C1 Advanced proficiency.
- **ABB Robotics Certification (Level 1):** Offline kinematic programming (ABB RobotStudio) with a 100/100 score.
- **Cisco Networking Academy:** Completed "Introduction to Networks" course (CCNA v7 - Module 1).
- **AWS Cloud Practitioner Essentials:** Completed official technical training coursework.

INTERNATIONAL EXPERIENCE & LEADERSHIP

AFS Intercultural Programs - Exchange Student @ *KS Diest* Aug 2024 – Dec 2024 (Belgium)
- Developed cross-cultural resilience during an immersive semester abroad. Completed an intensive Dutch course at CLT Leuven.

Carlos V Education Institute - Business Engineering Project May 2025 (Malaga, Spain)
- Authored a business plan for a ride-sharing startup, delivering a final project pitch entirely in English as Team Leader.
